REPORT KAISER VERY ILL AFTER OPERATION

Paris, Jan. 3.-Press dispatches from Switzerland and Italy continue to affirm that the illness of Emperor William is serious. It is stated that he was operated on last Wednesday, but the nature of the peration is not specified.

It is stated that the Emperor is suffering from a deep-seated affection of which the cutaneous erupis but an incidental symptom and that the malady is complicated by the reappearance of his old throat trouble, which has extended to the mouth. It is even asserted that it will be necessary to provide him with an artificial palate made
